Software Development Internship

We've got big plans for the future – and we want you at the center of it. For up-and-coming software developers, our internships offer a #LifeAtATT dedicated to creating what's never been seen before. And with that experience as a base, you'll build a lifelong career powered by endless innovation, learning and support. How's that for a big idea?

Career growth

How will our Internships launch your career? Lots of ways. To start, you'll take your coursework to a whole new level. Working on progressive projects across the Technology Development organization, you'll gain a great deal of experience. You'll also belong to a strong network of peers that'll challenge your strengths and help you reach your fullest potential.

We have even more to offer - you'll expand your skills through hands-on training and development opportunities — all designed to prepare you for a successful career after graduation.
